Mr. Ted Mortan

10557 108 St. N.W.

Edmonton, AB T5H9Z9

Dear Mr. Mortan

My reason for this letter is that I want to share my opinion about land use. I think we should use the land properly. We can still cut down some trees but for every tree we cut down you should plant another tree in its place somewhere else. If we don't animals that need trees could be completely wiped out. If you are having a hard time deciding what a piece of land should be used for, consider what that area needs most **ONLY SOMETIMES** fill their **WANTS** and most of the time fill their **NEEDS**.
