

Hello. This is _____ from Mrs. Monson's grade six class at Cardston Elementary School. We are doing a survey to find out people's opinions about grizzly bears in the Cardston County and on the Blood Reserve. Would you be able to help us? It will take about 3 minutes (Wait for a reply. If response is YES, proceed with the following information below. If the response is NO, say, "O.K. thank you," and hang up.)

1. Do you think the number of grizzly bears and black bears are increasing in the wilderness areas of Cardston County and the Blood Reserve?
 YES NO

2. Have you ever seen a bear in any of these areas? YES
 NO

3. When spending time working, or having fun with friends or family in surrounding wilderness areas such as the community pasture, Police Lake, Lee Creek, Waterton River, St. Mary's River, etc. do you feel as safe from bears as you did five years ago?
 YES NO

4. Presently, it is against the law to hunt grizzly bears anywhere in Alberta south of Red Deer. If the number of bears and conflicts between people and bears increase, would you be in favor of a limited hunt to control the grizzly bear population? YES NO

5. Are you in favor of spending more tax dollars to keep grizzly bears from becoming extinct? YES NO

6. Do you believe there should be wilderness areas especially set aside for grizzly bear habitation? YES
 NO

Thank you for taking time to share your opinion.
